FOR years there has been generally a striking avoidance of the word "inhale" in cigarette advertising Why? Goodness only knows! For everybody inhales-knowingly or by Luckies' famous purifying process unknowingly! Every smoker breathes in some part of the smoke he or she draws out of a cigarette

That's why it's all important to be certain that your eigarette smoke is pure and clean-to be sure that you don't inhale certain impurities

Lucky Strike bas dared to raise this vital question-for it has solved the

problem! It gives you the protection you want because certain impuri ties concealed in even the finest mildest tobacço leaves are removed Luckies created that process Only Luckies have it!

"Fifty million smokers can t be wrong!" So whether you inhale knowingly or unknowingly-safeguard your delicate membranes'
